

## DUI Risk Education Group and Treatment Services

### About Us

Bremen Youth Services (BYS) is a not-for-profit community mental health agency which has served youth and their families since 1964. Services are available to individuals ages 5-21 and their families. Although the agency serves Bremen Township residents, we are not bound by township lines and welcome anyone in need of services.

Services are provided by counselors, social workers, and graduate level interns committed to providing quality care to our clients and their families. Our staff includes licensed counselors and social workers as well as certified drug and alcohol counselors with a multitude of strengths and specialties. Mental health professionals employed at the agency participate in ongoing continuing education opportunities to enhance professional development.

Bremen Youth Services offers a risk education group and counseling for clients that require court mandated DUI services. The program is approved by the Department of Alcohol and Substance Abuse and facilitated by licensed and certified counselors. The program accommodates Minimal, Moderate, Significant and High Risk clients.

### Risk Education Topics Cover:

- Effects of Alcohol and Other Drugs on the Body
- Defining BAC
- Social, Legal, and Financial Consequences
- Decision Making, Triggers, Coping Mechanisms
- Alcohol The Substance, The Addiction, The Solution
- Impact of Use on Supports
- Aftercare Planning

## Agency Information

### We at Bremen Youth Services

are dedicated professionals committed to providing quality mental health, substance abuse, and prevention services. It is our overall goal to enhance the quality of life for individuals and families. Our belief is that all people are valuable and unique and should be treated with dignity and respect. While recognizing the potential for change, an assessment of the client's emotional, mental, physical, and spiritual needs is provided in a caring environment. The growth of the individual is promoted through a course of treatment developed and executed in a timely and cost effective manner.
